

## TEN REASONS TO JOIN THE KNIGHTS

*When a proud man or woman wants to join The Ku Klux Klan (The Knights Party) there are others who would try to argue against such a noble decision. There are many immature arguments from those who oppose The Knights Party, but there are many, many, more legitimate reasons for a man or woman to join...*

- 1. We are a family oriented group!** While you work toward your education and advancement for the rank of Knight, your children can work for their own education in The Knights Party Youth Corps.
- 2. The Knights Party is a 100% law abiding organization.** No member will EVER be asked to do something which is illegal. The Knights Party has fought and won lawsuits in cities from coast to coast which protected our members rights for grassroots political activity and right to associate.
- 3. The Knights sponsors** three national conferences and one festival each year. We bring our attendees some of the most talented and noteworthy speakers in the white nationalist movement. Our youth's involvement at the conferences are always a priority and they enjoy classes prepared especially for them.
- 4. We are the largest and most active** White Nationalist organization. The Knights Party is pro-active and we are continually involved in various projects and media campaigns in order to reach as many of our white brothers and sisters as possible. The role as an associate of The Knights is vital to our success and we are proud of the work they do.
- 5. The Knights Party has a professional,** full time, volunteer staff to assist with your activism and answer your questions. Our National Director Pastor Thomas Robb has been a movement spokesman for over forty years and our Nat'l Organizer Rachel Pendergraft has been with The Knights for over twenty five years. The Knights Party is the only organization which has a "members only" forum to keep members in touch with each other, and coordinate their activism efforts. Our forum leaders are experienced and helpful.
- 6. The Knights Party is NOT a "hate group."** We are a love group! Is it unusual for a man woman to love his or her own family more than the neighbors? Absolutely not. It is acceptable and expected for every man to love and care for his own family more than his neighbors family. It is in this way that The Knights Party promotes love and unity for the White race.
- 7. You can be assured** that all of your membership dues and donations are used for the sole purpose of paying for the expenses of the care and upkeep of the National Office in Harrison, Arkansas and with the defense of our white rights in legal battles as we continue to forge ahead.
- 8. The Knights Party is the only** White Nationalist organization that has a weekly Internet TV program. In fact, we have three. This is the Klan brings you the latest news and comments from a white political viewpoint. Youth Focus reaches out to the world's white minority youth. And The White Women's Perspective touches on concerns that many white women have who are learning they have been betrayed by politicians, church leaders, economic leaders, and so called "women's leaders."
- 9. As an associate, your privacy** and confidentiality in all matters is our number one priority!
- 10. We are the only** known White Nationalist organization which has a website that promotes home schooling for White children so that we can get our children's education back to the basics-- No distortion or lies aimed at teaching "white guilt." WhitePrideHomeSchool.com.
