

***Pastor Thomas Robb, national director of The Knights,
says, "Put Troops on the border!"***

"As a Christian minister I know that our first duty is to protect our families. Our nation is an extension of that family and it is not only the patriotic thing to do – but the Christian thing to do. There are millions who are intent on destroying western Christian civilization. Why do our leaders do nothing – because the love of money is the root of all evil. They believe their pocket book, campaign dollars, and millions of potential voters are more important than the safety and security of your family and our nation."

- **According to the Center for Immigration Studies, if all illegal aliens are granted amnesty federal tax payments would increase by some \$3,000 per household, but federal benefits and social services would increase by \$8,000 per household. Can YOU afford it?**
- **Currently, state and local governments spend more than \$36 BILLION a year to provide education and health care to illegal aliens and their families, and for the incarceration of illegal aliens who commit crimes in this country.**
