2018 Knights Party Leadership and Family Congress: Update

The Knights Party Congress, held over Labor Day Weekend outside of Harrison, Arkansas, was a time of learning, fellowship, entertainment, and inspiration. The event got under way on Friday night with a *meet and greet* sponsored by the Christian Revival Center with associates and their families, from across the country enjoying locally prepared desserts, hors d'oeuvres, and musical entertainment by *Steve and Bonnie*.

Above: Mrs. Tamara Goodwin gave a passionate speech about staying strong when under duress. She is the mother of patriot Jacob Goodwin. Jacob is a young man who came to the defense of a young woman who was under attack by antifa in Charlottesville. He was recently sentenced to years in prison by a biased judge. Jacob was not the aggressor, but he did win the fight and saved the woman from certain death!

Speeches were made by Tom Bowie of Arkansas, Joseph M. of California, evangelist Steve Kukla of Oklahoma, attorney Jason Robb with the national office, nat'l organizer Rachel Pendergraft, Billy Roper, Jay and Vicki Thompson from Florida—regional coordinators, Lisa from Texas, and Pastor Thomas Robb. Topics included balkanization, financial responsibility, recruitment and talking points, Christian foundation of our cause, practical politics, and building a New America.

On Sunday morning, worship services were held with traditional hymns, scripture reading, and a children's dedication.

We thank everyone who attended and were pleased to see so many new faces and young families in attendance. This was a very blessed event.

Above: Rachel Pendergraft (left) explains the room layout to some members who are touring the new construction. The particular room they are in is on the second floor and will be a classroom. Everyone was impressed with the layout which gives ample room for a library, classrooms, video studio, sound studio, offices, and the Hall of Heroes. Students will learn from a curriculum which includes: **The development of Christian Self-Government and the following:**

- 1) America's Changing Political climate
- 2) Balkanization (building a pathway for a new nation)
- 3) Community leadership

- 4) Building a new nation on historic principles
- 5) Communication methodology
- 6) Participation and recruitment at many levels
- 7) Protecting and developing yourself — financial guidelines
- 8) Changing concepts and how they affect our political struggle.
- 9) The need of traditional values in building a new nation
- 10) Establishing white consciousnesses in a modern society
- 11) Leadership – Activist leaders and leaders in the shadows
- 12) Projecting image

Law Enforcement Outreach

Members and supporters of The Knights continue to distribute thousands of copies of the special Crusader newspaper "Law Enforcement Edition". During the recent conference, special acknowledgement was made of the efforts of Suzanna J. who is distributing these papers throughout the Heartland States. We would also like to thank Bobby P. of North Carolina for overseeing the distribution in the Deep South states and of course, Jay and Vicki of Thompson have been personally visiting LE offices to hand out papers and shake hands. If you haven't participated yet, in this very important project, please consider it. **Right:** This young girl, daughter of AR members holds a Confederate Blue Lives Matter flag during a recent demonstration.
